

JOB DESCRIPTION

Position Title: Director, Policy

Department: Policy & Strategic Affairs

Report To: SVP, Policy & Strategic Affairs

Job Summary: The Director, Policy at the Association for Accessible Medicines (AAM) is responsible for identifying and managing research opportunities projects as well as developing written testimony, public comments, policy papers and other materials in support of AAM's policy positions. The role also works closely with AAM's communications team to create and distribute content consistent with the strategic goals and mission of AAM.

Essential Duties and Responsibilities:

- Collaborate and assist with the development of AAM's policy positions.
- Serve as a project manager for policy research and data-driven projects. This includes but is not limited to gathering information on new guidance, trends and anticipated issues, identifying sources of research and policy analysis, contributing to strategy development and execution, and drafting documents.
- Develop written testimony, public comments, policy papers, correspondence and other materials
- Monitor and track trends and developments in the generic industry and provide policy analysis and consultation to AAM staff and member organizations; alert them to relevant policy developments and emerging opportunities.
- Identify research priorities and appropriate methodologies.
- Represent AAM in assigned external meetings and forums; document proceedings and share with AAM's Policy & Strategic Alliances team.
- Manage and participate in the production of research reports, brief policy papers, web tools, and other educational materials for internal and external user.
- Collaborate with AAM's Communications team to create and distribute content.
- Perform other duties as assigned consistent with the goals of AAM.

Qualifications: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Strong working knowledge of health policy
- Excellent written and oral communication skills, including editing
- Exceptional interpersonal skills, a focused listener
- Exhibits a positive attitude and professional demeanor
- Exhibits a high degree of personal initiative and desire to achieve success for AAM
- Exceptional organizational and project management skills for timely implementation of projects involving multiple functions and external resources
- Ability to prioritize and manage multiple initiatives simultaneously
- Ability to work in a collaborative environment and accomplish tasks with self-direction and provide exemplary customer service
- Ability to work creatively and with flexibility in a fast paced environment while maintaining high work standards.
- Excellent computer skills, including basic use of Microsoft Word, Excel and PowerPoint

Education and Experience Requirements:

- Bachelor's Degree, required
- 5+ years of professional experience in health policy, required
- Policy research experience, required
- Supervisory experience, preferred
